

Advance-Nilfisk Part

Advance-Nilfisk Part - Think about how long and tiresome it would really be to tidy up after a party, with no help from equipment. Not too long ago, the dirt from upholstery and carpets had to be beat out of them by hand; cleaning cloths, brooms, and brushes were the top cleaning products at the time.

P.A. Fisker, the founder of Nilfisk-Advance, was an electrical engineer who loved working with electrical motors. Founding the company in the year 1906, he started to make motors to be able to drive coffee grinders, drills, fans and machine tools. Mr. Fisker's vision from the beginning was to have a global company advertising merchandise worldwide.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning trade. Mr. Fisker invented a remarkable, ground breaking vacuum cleaner which can be operated by one person for the reason that it just weighed 17.5 kilos! This invention came in a time where numerous cleaning equipment were massive and needed 4 or more operators, thus, the Nilfisk C1 transformed everything and developed the method we clean forever. The brain behind these very first cleaning equipment remains unparalleled. Cleaning equipment provide an excellent solution to an ongoing problem; things get dirty and must be cleaned on a regular basis, without too much effort.

Slowly but progressively, Nilfisk-Advance developed through the years. In the 1980s, this growth really happened the time the company became a part of the NKT Group. Their new owners' determination and focus made Nilfisk-Advance take a huge leap forward within the trade, aiming to be amongst the largest international players in the market of professional cleaning machines. Nilfisk-Advance is presently represented in all parts of the globe due to steadily acquiring a lot of smaller businesses so as to expand their product portfolio and presence in new markets. They are proud to offer different cleaning solutions to meet every need.
